Principal's Message - Julie Middleton

"Humankind has not woven the web of life. We are but the thread within it. Whatever we do to the web, we do to ourselves. All things are bound together. All things connect."

-Chief Seattle, 1855

In April we will be exploring citizenship and what it means to be a good citizen. For Earth Day, April 22, we

will take on "Green Initiatives" and discuss how to be environmentally friendly by recycling, reusing and reducing. On March 26 we turned off the lights for Earth Hour. This was a great way to begin talking about citizenship and what it means.

REGISTRATION FORMS - Due April 15

Thank you to everyone who has already registered for September, 2010. If you have any questions about next year, I am happy to meet with you. We have not yet decided on the exact structure of the classes, but I anticipate there will be split grades. No matter what the format of the classes, each Kingsley student's individual needs and learning styles are taken into consideration during planning and assessment.

Please return your registration forms by April 15. Thank you very much for your cooperation.
